

Homework

Atom Learning- English

TTRS- garage 10 minutes

RE home learning- Due 18th May. Complete a scavenger hunt- ideas on our class page.

Spellings and Reading

Science

We finished our unit on light and shadows, looking at an experiment, which measures the size of a shadow in relation to how far away or close the light source is.

We then completed our end of unit assessment, which they did very well in!

English

This week, we looked at the book Omar, the bees and me. We focussed on descriptive writing and speech to help us to retell the story.

In Reciprocal Reading, we have started a new book called The Boy Who Grew Dragons.

RE

This week we started our learning off with a Catholic Social Teaching lesson and discussed about the dignity of workers and how we should show kindness and respect to everyone by treating everyone fairly.

We then started our new branch, which is called 'To the ends of the earth'. We recalled the story of the Road to Emmaus and annotated some art work about the story, saying who we saw in the picture and coming up with some wondering questions.

Computing

This week we looked at online safety and what to do when we see something we don't like or someone is being mean to us online. We discussed the importance of telling a grown up and reporting the user.

PE

Athletics and Football

Maths

In maths this week, we completed our end of block assessment for Mass and Capacity.

We then moved onto looking at fractions, adding and subtracting them. This was before moving on to partitioning the whole and finding a fraction of a number.

PSHE

This week we started our new PSHE topic on Relationships.

We looked specifically at family roles and responsibilities, looking at pictures of different people, doing different jobs, and had a discussion about who can do each job and whether we had any stereotypes about whether they were male or female jobs.

Star Writer

Matthew for a very well written Star Write, with a picture at the end!

Fantastic Handwriting

Massimo for some superb handwriting this week.

History

We started a new unit in History, which is about the Local area, looking at Hoddesdon.

We explored how Hoddesdon has changed over time and the key people and events that shaped it.

We looked at a timeline of events in Hoddesdon and chose which person we felt was the most important person to Hoddesdon's history and one event or building, which was important to Hoddesdon's history.

Art

In Art this week, we started our topic on printing. We all listened to a story called 'The Coach Trip' and all made prints using black ink, rollers and Perspex, according to what we heard in the story.

Spellings- to be tested on 23.4.26

Remember you can choose to learn 5, 10 or all 15

scheme
chorus
chemist
echo
character
orchid
mechanic
ache
anchor
chaos

RE and Science words
Emmaus
Disciples
Fellowship
Survival
Growth

Year 3

Summer 1 2026

13.4.26 to 17.4.26

NOTICES:

I hope you all had a wonderful Easter break. It is lovely to be back and seeing everyone after a restful 2 weeks off.

A reminder about home learning- please do try and get onto atom learning and TTRS, as these both help your children at school.

We all enjoyed some homemade honey cake, with the recipe from our English book. I have uploaded the recipe onto our class page, as many children have expressed an interest in making one at home.

Gold book

Ayaz for settling into life at St Cross so well. It has been lovely getting to know you!
