

Homework

Atom Learning – English work set

TTRS – 2 sound checks

RE homework- due Monday 23rd March

Choose a station of the cross and represent it as a collage or painting. Include a reflection about that station. This may include what that station means to you and why you chose that particular one.

Spellings

Reading

Science Week

This week, we have been celebrating science week. We completed lots of learning on light, with a focus on reflections and shadows.

We also had a go at researching curious critters, creating a fact file about an insect of choice.

We also answered our key question 'What would happen if there were no scientists?' and some of us presented our posters we made to the class.

English

This week, we looked at the book Stone Girl, Bone Girl, a book all about Mary Anning. We wrote a diary entry in first person, talking about all 'our' discoveries we made in Lyme Regis. We used fronted adverbials, adverbs and adjectives to write a detailed diary.

In Reciprocal Reading, we continued reading Bill's New Frock and wrote a summary of what we have read so far.

RE

This week in RE, we looked at what Jesus said at the Last Supper- "Do this in remembrance of me".

We talked about how this linked to Mass today, particularly focusing on the Eucharist.

We drew a remembrance plate with three sections- The Last Supper, Jesus' words and Eucharist and wrote/ drew how they all linked. We explained why Catholics do the Eucharist today.

PE

Basketball and Gymnastics

Maths

In Maths this week, we completed our unit on fractions. We looked at equivalent fractions on a number line and on bar models. We then completed our end of block assessment, which overall, went very well.

We then started our new topic on Mass and Capacity and started looking at using scales.

Maverick Workshop

On Friday, we had an amazing Medical Mavericks workshop where we got hands-on with medical equipment and discovered fascinating careers in the world of healthcare!

Year 3

Spring 2 2026

9.3.26 to 13.3.26

NOTICES:

It was Science Week this week and we had lots of fun in assemblies, workshops and experiments.

Easter Play is on Tuesday 24th March at 2pm and 6pm. We look forward to seeing you there!

In DT, we are making our own pencil cases. If you have any material that you no longer need, or any bits of embellishments that the children can sew onto their pencil cases, please bring them in. Examples are denim, felt, cotton, buttons, sequins or ribbons.

Gold book

Owen for working so well both independently but also with your peers. Also for completing our science experiments so well.

Star Writer

Alex for a very well thought out Star Write. Well done.

Fantastic Handwriting

Matthew for doing some incredible writing, joining up your letters beautifully. Well done you.

Easter Play Practice

We are fully underway with our Easter Play practice that will be taking place on Tuesday 24th March.

Please do support your child to learn their lines at home and to practice the songs with them.

We don't have long and we really want every child to shine on the stage.

Mother's Day Tea

We hope those of you who came to our Mother's Day Tea had a wonderful time.

The children all enjoyed performing our song to the mothers, grandmothers, nannies and aunties.

We wish you a wonderful Mother's Day on Sunday.
