

Homework

Atom Learning – Maths and Science work set

TTRS – gig

RE homework- due Monday 23rd March
Choose a station of the cross and represent it as a collage or painting. Include a reflection about that station. This may include what that station means to you and why you chose that particular one.

Spellings

Reading

Science

This week in Science, we looked at how shadows change throughout the day. We completed a class experiment where we saw the sun (torch) change the size of shadows. We wrote a conclusion with our findings.

We also had a workshop on Acids, where we mixed different liquids with noodles and watched the colour change. We observed the different levels of PH balance.

English

This week, we looked at the Amalfi Coast, a gorgeous coastline in Southern Italy. We wrote a non-chronological report, including an introduction with a question, some subordinating conjunctions and prepositions.

In Reciprocal Reading, we continued reading Bill's New Frock.

RE

This week in RE, we made links between the Last Supper and what happens at Mass today. We all looked at the Offertory prayer and highlighted any key words that helped us think about both the Last Supper but also Creation.

We then described the actions, structure and prayers of the Liturgy of the Eucharist and explained why they are used.

Finally, we recognised that the Eucharist is a sacrament in which Jesus gives himself to his people

PE

Basketball and Gymnastics

Maths

In maths this week, we have continued looking at Mass and Capacity. We have been looking at the mass of different items, identifying the weight and recording it in both grams and kilograms.

PSHE

We completed an RSE lesson this week. We first talked about sharing online and the importance of staying safe when we are online.

We discussed what was inappropriate to share and what we would do if someone shared something we did not want to see.

Everyone wrote about they can stay safe online in their lives.

Year 3

Spring 2 2026

16.3.26 to 20.3.26

NOTICES:

Remember about the RE home learning. I have only received 2 pieces and it is due in for Monday 23rd March. I look forward to seeing more then.

We are very excited for our Easter Play on Tuesday 24th March. We are performing at 2pm and 6pm.

Please can all the family members in the play wear normal clothes, something they would wear on the weekend. Thank you!

I handed out reports today, so please check your child's bag for it.

Gold book

Matthew for settling into life at St Cross so well and for joining in with all activities.

Star Writer

Lennie for working so hard with your writing all week and doing a great Star Write.

Fantastic Handwriting

Alana for working hard on your letter formation and doing some lovely handwriting.

Geography

In Geography this week, we looked at volcanoes, looking specifically at one main eruption, Mount Vesuvius in Pompeii. We researched four different areas-people, environment, economy and long term significance- and talked about the effect the eruption had on these areas.

DT

We all practised different sewing stitches- running stitch and back stitch, with a couple of us trying whip stitch.

We then used these skills to make our pencil cases.

A big thank you to Hudson's mum for coming to help us sew. It was a huge success!

Spellings- to be tested on 26.3.26
