

Homework

No home learning over the holidays. We do just ask you to keep reading.

Science

In Science this week, we completed an experiment, looking at how shadows change throughout the day. The torch represented the sun and we shone it at two blocks, moving the torch over the blocks. We noticed that when the torch was long, the shadow was long and when the torch was high, the shadow was short.

English

This week, we watched the play A midsummers night's dream. We worked in pairs to write our own section of the play, choosing two of the characters to act out.

We stood at the front and performed our play, using expression and making eye contact with the audience.

In Reciprocal Reading, we continued reading Bill's New Frock.

Maths

In maths this week, we continued with mass and capacity, with a focus on measuring capacity and volume in millilitres and litres.

We also looked at adding and subtracting mass.

On Friday, we completed our end of block assessment, to end this unit.

PSHE

We completed a lesson on respecting our bodies this week, talking about what our bodies need to stay fit and healthy.

We made a list of good choices we can make, to respect our bodies, including exercising, resting and eating healthy foods.

Star Writer

Billie, for performing your play with your partner with such confidence. Well done Billie!

Fantastic Handwriting

Ian for some fantastic handwriting, all year!

Geography

In Geography, we looked at why earthquakes occur and learned ways of mitigating the effects of earthquakes.

DT

We all practised different sewing stitches- running stitch and back stitch, with a couple of us trying whip stitch.

We then used these skills to create our pencil cases.

They worked so hard on these, showing real improvement in their sewing. They look amazing, with everyone being very excited to take them home!

Year 3

Spring 2 2026

23.3.26 to 27.3.26

RE

In RE, we looked at the Prayer attributed to St Teresa of Avila. We highlighted key words and ideas from this, and talked about how it shows that Catholics are the eyes, the hands and the feet of Jesus now.

We then looked at Holy Week, both in the UK and across the world. We discussed what we similar with these celebrations and what we different. We created a poster showing what happens during Holy Week in the UK.

PE

Basketball and Gymnastics

NOTICES:

Well done to all the children in performing the Easter Play. They were all incredible! Thank you parents, for supporting them at home to learn their lines and all the words to the songs! We hope you all enjoyed it!

Have the most wonderful Easter Break!

Enjoy all the celebrations Easter brings. I look forward to hearing what you all got up to in the holidays.

No spellings over Easter.

★ Gold book

Elijah for performing very well in our Easter play, knowing when to come on stage and for remembering all your lines.
