

Homework

Atom Learning –
Science and English activity

TTRS – 10 minutes Garage

Spellings

Reading and logging on Boom
Reader

Maths

In Maths this week, we started by
exploring sharing and grouping.

We then moved on to look at
multiplying and dividing by 3,
before a multiplication square.

Star Writer

Oakley for a really brilliant
Star Write this week. Well done.

Fantastic Handwriting

Owen for doing some lovely
handwriting all week.

PSHE/RSE

This week, we have been looking at
family conflicts and how sometimes
we can disagree with someone or
have different opinions.

Geography

We have been looking at human
features of East Anglia this week,
as well as looking at the jobs
people have, particularly in the
region of East Anglia.

Science Forces and Magnets

This week, we carried out another
experiment, investigating friction. We
created a ramp and then, using
different materials, we let a car go
down the ramp, and measured the
distance it travelled.

We came up with a conclusion about
friction, that bumpier surfaces, have
more friction, meaning the car didn't
travel as far.

Year 3

Autumn 2 2025

17.11.25 to 21.11.25

Class Book – How to
skin a bear

DT

This week, we have gathered
ideas for creating our moving
monsters, using pneumatic
system, thinking about what
system we would use and how it
would work.

English

This week we have continued to look
at the short film 'For the birds' and
have retold the story. We included a
description of the setting and
characters, some speech and similes.

We have continued to read the book
'100 mile an hour dog' by Jeremy
Strong in our reciprocal reading.

Spellings- to be tested on 27.11.25

*Remember you can choose to learn 5, 10 or
all 15*

sadly
completely
usually
finally
quickly
quietly
kindly
gently
bravely
occasionally

RE

In RE this week, we looked at how
Catholics celebrate Mass.

We first sequenced the four main parts
of Mass, looking at what was involved
in each section.

We then annotated an image relating to
those parts of Mass, looking at what the
picture showed.

We also made a poster full of signs and
actions that Catholics do at Mass. We
thought about why Catholics do these.

NOTICES:

PE days – Tuesdays and Thursdays

In DT, we will be making moving
monsters. Please can you bring in any
small bits of recycled materials for
example small cardboard boxes or egg
boxes please, that we can use for our
creations. (Nothing that's had nuts in
please).

Unfortunately we didn't make it to Mass
this week because of the weather.

Next Friday it will be decorate the
classroom day, which we are looking
forward to.

Gold book

Lennie for making a real effort in
your learning this week and showing
a positive attitude. Keep it up!
