

Homework

Atom Learning –
English and Science activity

TTRS – 10 minutes - gig

Spellings

Reading

Maths

In Maths this week, we started with recapping our work on the 4 times-table. We then looked at the 8 times-table, multiplying and dividing numbers by 8. We finished the week off completing another multiplication grid.

Star Writer

Olivia for a really lovely star write this week, using all of the skills. Well done Olivia.

Fantastic Handwriting

Alex for doing some lovely, well-written, well-presented work all week. Well done Alex.

PSHE/RSE

This week in PSHE we looked at different scenarios relating to bullying. We used our 'Solve it together' technique that we have looked at previously, to work out how we would tackle the situation.

Geography

We have been learning about the effects of erosion on the East Anglian coastline.

We started by looking at different pictures of the coastline in East Anglia and commenting on what has happened to the beaches and the cliffs. We then answered some questions about why this is happening and what effect it is having on the people who live in East Anglia.

Science Forces and Magnets

In Science this week, we continued to look at magnets, carrying out an experiment to compare the properties of different types of magnets.

We used different magnets including ring and bar, and attached paper clips onto them, to see which magnets was the strongest. We drew a bar chart to show our results and wrote a conclusion with our findings.

Year 3

Autumn 2 2025

01.12.25 to 05.12.25

Class Book – How to
skin a bear

English

This week we wrote a non-fiction explanation text for 'How to take care of your pet'. We used rhetorical questions, subheadings, bullet points and conjunctions to write our report.

We have continued to read the book 'A hundred mile an hour dog' by Jeremy Strong in our Reciprocal Reading groups.

DT

This week we designed what our moving monster would like it, what resources we wanted to use and then we started building it, thinking about how the air would make the monster move.

RE

We had two great lessons this week. The first led on from our learning last week, where we looked at the annunciation with Mary, when Angel Gabriel spoke to her about having the son of God.

We then made links between the angel's message to Mary and the words of the prophet Isaiah, drawing a scroll and angel and writing how what was said in both verses links.

NOTICES:

PE days – Tuesdays and Thursdays

We have been enjoying our physical challenges given to us by Belle the elf.

We are looking forward to watching the Reception and KS1 nativity next week, as well as the Rock Steady performance.

Just a reminder to go onto Atom Learning to complete the home learning tasks if you have not already.

Gold book

Glory for doing some incredible RE and English work this week, putting your all into your work. You have done yourself proud this week, well done.
