

English

In English, we continued to read *George's Marvellous Medicine* by Roald Dahl. This week, we looked at subordinating conjunctions, complex sentences, and imperative verbs, all in preparation for writing our own instructions about what to put in our medicines.

Science

This week, we began our new topic - **Materials**. We recapped our prior learning from Years 2 and 3 and investigated different types of solids. We tested different solid objects such as sugar, playdough, rocks, and Lego to see whether they could be compressed, whether their shape could change, or whether they would pile when poured.

Gold Book

Abe

You have worked so hard this week and have settled in so well!

Well done! Keep it up 😊

R.J Palacio

Maths

This week in Maths, we continued our topic of Multiplication and Division. We practised multiplying and dividing by 10 and 100. We also looked at informal written multiplication methods.

Spellings

It has been a pleasure teaching and getting to know your children this week.

Please feel free to get in touch if you have any questions or concerns.

I look forward to continuing to work with your children over the coming weeks.

Have a restful weekend!
Kindest regards,
Miss Perone

RE

This week we have started our new topic, '*Galilee to Jerusalem*'. We have been learning about when Jesus took his disciples to Caesarea Philippi and asked them the question, "Who do people say I am?" He then asked, "Who do you say I am?" Peter was the only disciple who spoke up for what he believed in. We discussed what it means to be a believer in Christ and reflected on how we would answer this question ourselves.
