

English

In English, we have been reading Monsoon by Uma Krishnaswami.

The children wrote fantastic diary entries from the perspective of Meera waiting desperately for the monsoon to arrive. They included similes, metaphors, fronted adverbials and conjunctions.

Star Writer – Sonny
Handwriting Hero – Freddie B

Maths

This week in Maths, have been recapping our times tables and division facts.

We focused on 7, 9 and 11 and how we can use each of them to answer different problems.

RE

In RE, the children compared Scripture from the Gospel. They read Matthew 3: 1-12 and Mark 1: 1-8, which are stories introducing and describing John the Baptist.

The children also began adding symbols to their Jesse trees, listening to stories from the Bible on the lead up to Jesus' birth.

Science

This week, the children explored electrical conductors and insulators. They planned and conducted an investigation to see which materials conducted electricity to make a bulb light up.

Gold Book

Teddi

You have been using our Oracy 21 sentence stems beautifully when answering questions in class.

Well done! Keep it up ☺

Class Reading Books

The Twits – Roald Dahl

Year 4

Autumn 2 2025

Week 5

Please note

I have noticed that some children are not completing their weekly home learning.

This is important in consolidating their learning from the week.

Please ensure your child(ren) log on to Atom Learning each week to complete their activity.

PE

The children began learning about the Brazil Carnival. They listened to samba music and let their bodies move!
