Discussing learning

Some useful prompts for helping children discuss their learning:

- What did you learn today that you did not know before?
- How did you learn that?
- What helped you to learn
- Who helped you to learn?
- Did you help anybody else to learn?
- Was there anything that you found difficult at first?
- How did you overcome that?
- What did you enjoy learning most?
- Why?
- How could being able to... help you in the future?
- How does knowing... help you?
- Why is it important to know how to...?
- Can you show me how to...?
- What do you want to learn/improve at now?

Did you know...?

We remember:

- 10% of what we read
- 20% of what we hear
- 30% of what we see
- 50% of what we hear and see
- 70% of what we discuss
- 80% of what we experience
- 95% of what we teach someone else
