

Caring for God's Creation

Welcome to our Assembly

By Akuchi and Amy

Grace will now light the candle

Why do we light the candle?

Care For Creation

What does Care For Creation
mean to you?

Care for creation means:

- To take care of Gods creation.

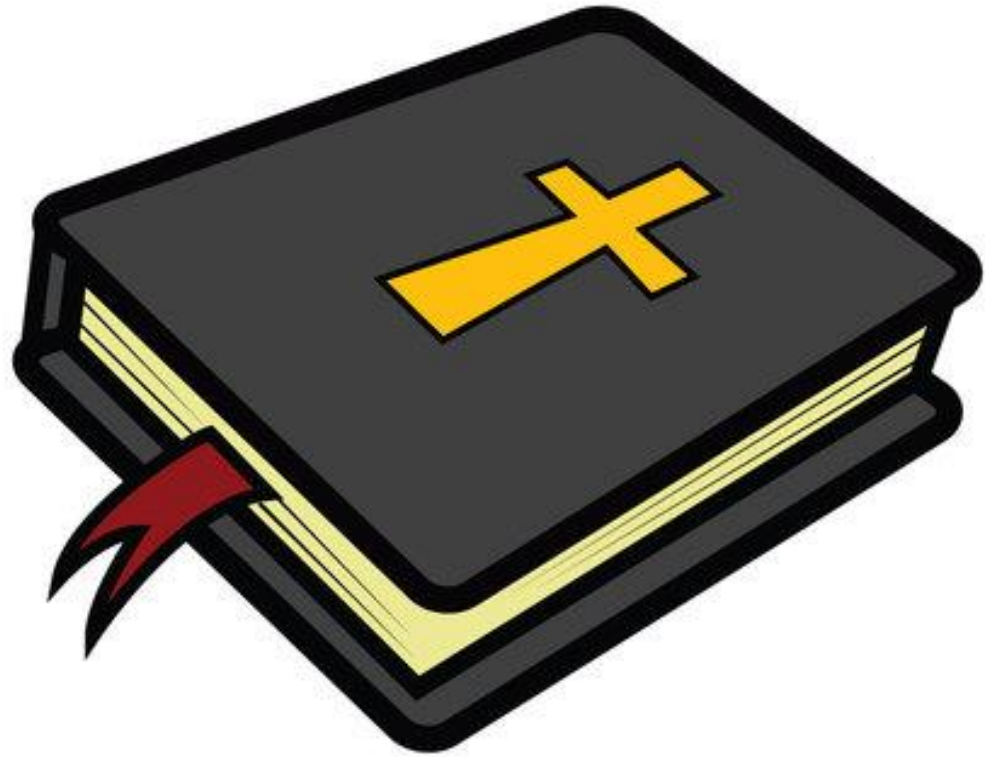

God created a beautiful planet to live in, but we don't take care for it.

- To live in a cleaner environment

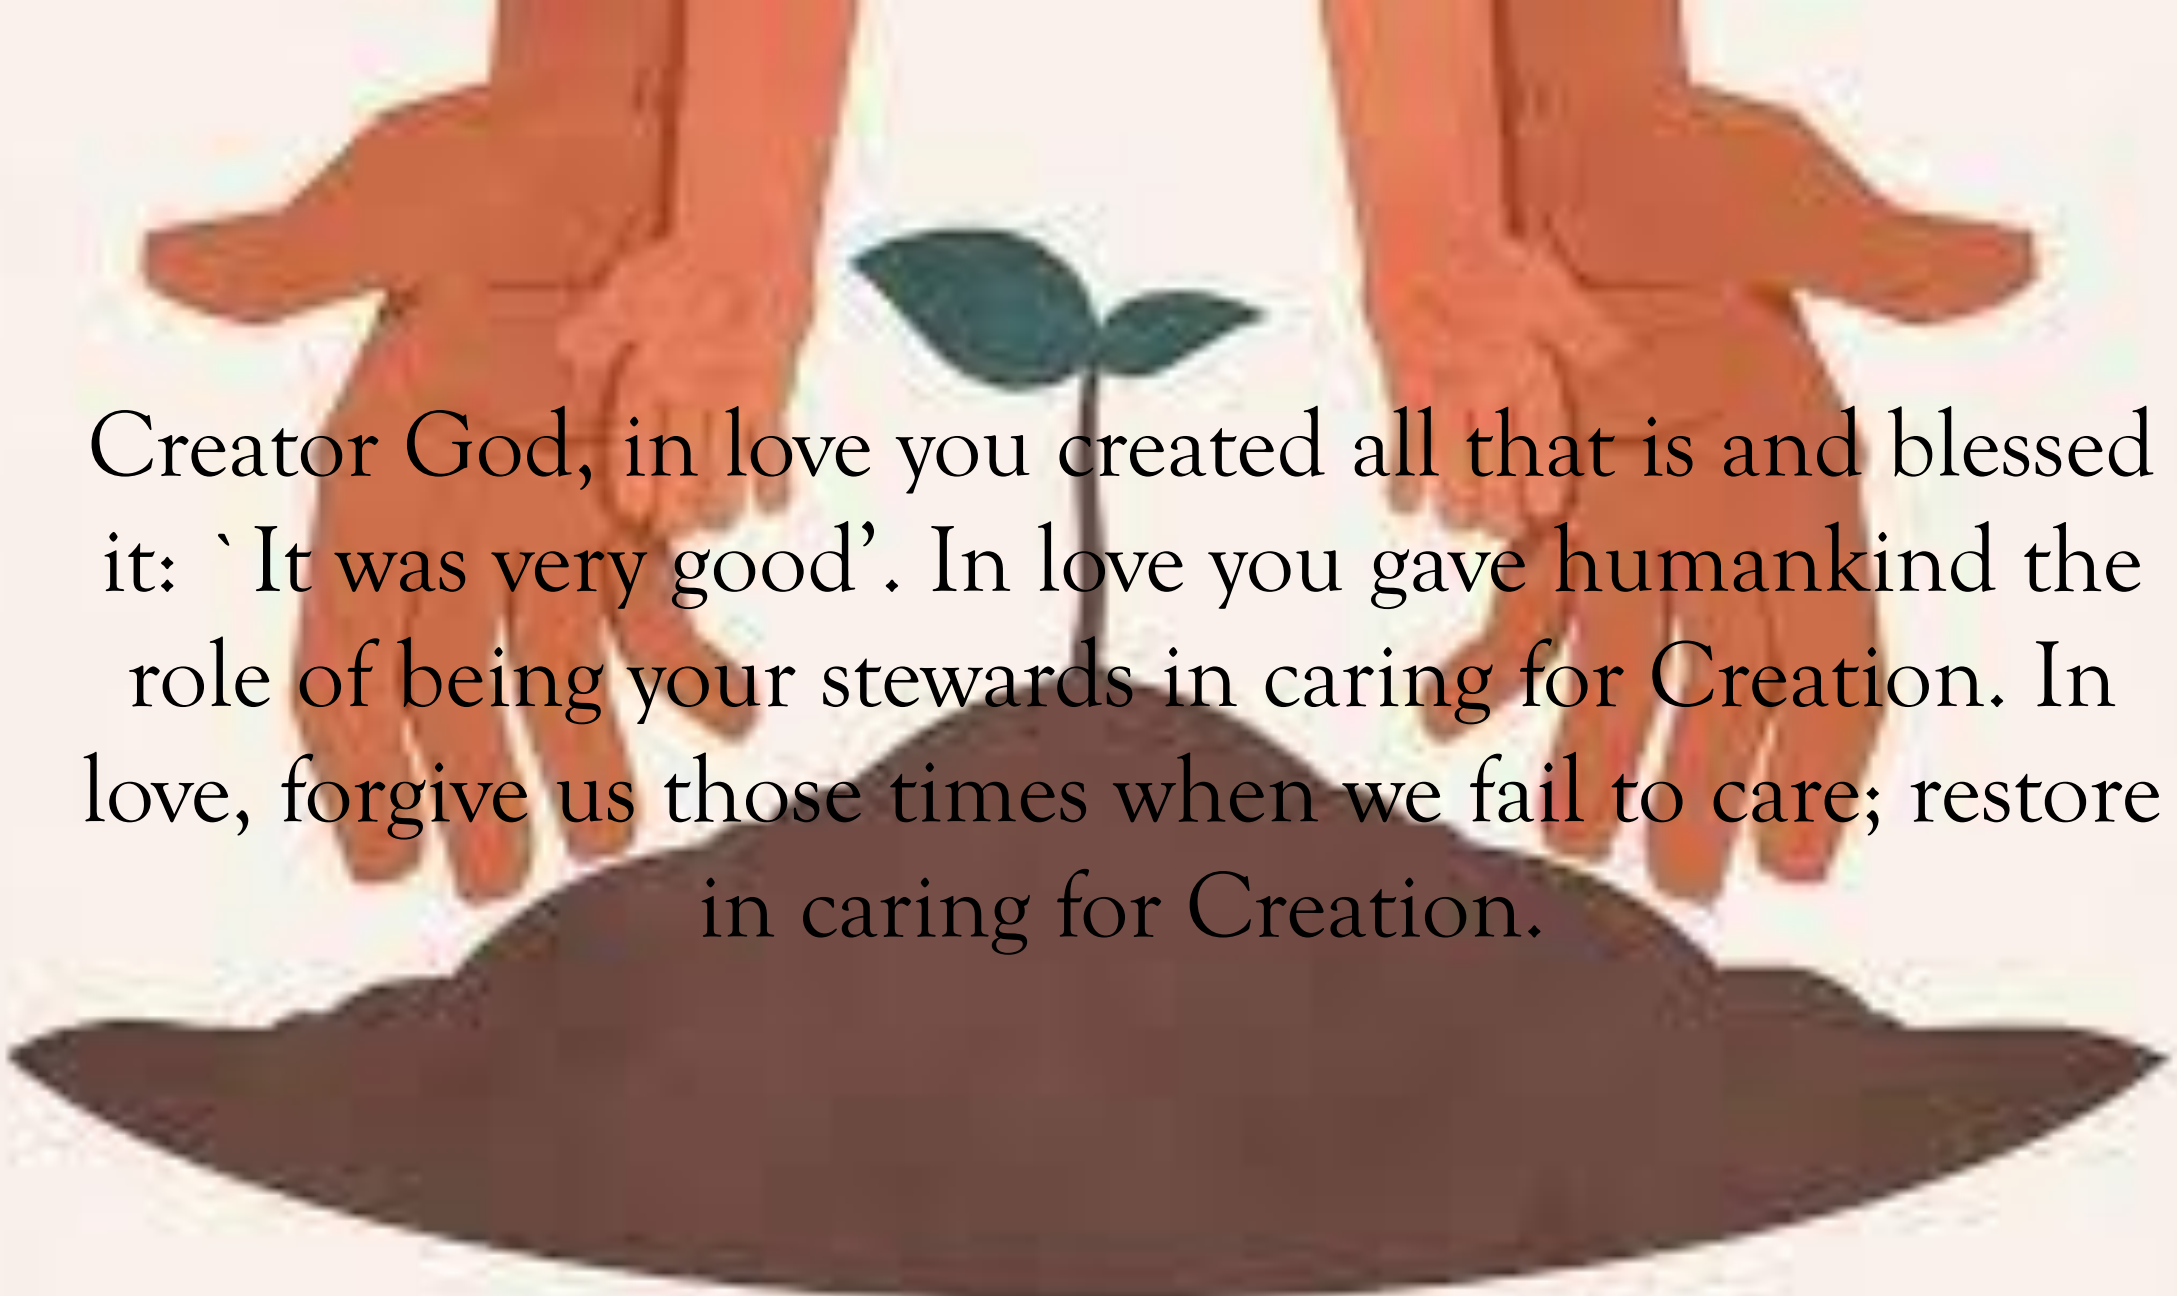

We have destroyed this planet, and nobody has changed it.

What ways can we change this way of living?

Eve will now read the Bible

Genesis 1:26-28

An illustration featuring two large, reddish-brown hands positioned on either side of a small green seedling. The seedling has two leaves and a thin stem, growing out of a dark brown, rounded mound of soil. The background is a light, neutral color.

Creator God, in love you created all that is and blessed it: `It was very good'. In love you gave humankind the role of being your stewards in caring for Creation. In love, forgive us those times when we fail to care; restore in caring for Creation.
