Homework

Atom Learning- English activity

TTRS – Gig challenge

Spellings and Reading

RE Home Learning- Due 17th October- Re-build my World- Peace and Creation- Draw, paint or make a model using recycled materials. Show us your favourite animals, plants or a beautiful part of our earth.

Christmas Cards- Due 12th October- All instructions on the sheet your child has.

Science

We have continued our topic on movement and nutrition, and this week, looked specifically at 'eating for survival'. We looked at food packaging and talked about which food items were better for us.

English

We have been reading the book 'Avocado Baby'. We have written a retell using adverbs, fronted adverbials of time and expanded noun phrases.

We also continued our Reciprocal Reading book, The 100mph dog and discussed some trickier words.

RE

This week we looked at Psalms 8 and 19 in RE, annotating Psalm 8 with what words it says about Creation and then how it praises Creation. As an extension, lots of the children wrote their own praise poem.

We also read the Canticle of Creation and underlined every reference to creation. We then used a different colour to show what it says about God.

Art

This week in Art we celebrated Saint Francis of Assisi and made our own animal themed stained glass windows. We stuck tissue paper onto sticky back plastic and created some wonderful butterflies.

PE

Swimming

Maths

In Maths this week, we moved on to looking at addition and subtraction, linking this knowledge to place value and what we learned previously.

We applied our knowledge of number bonds within 10 and were adding and subtracting 1s, 10s and 100s,.

PSHE/RSE

This week, we wrote a letter to a hypothetical child that is joining our class, thinking about how we would make them feel welcomed and part of the class.

Year 3

Autumn 1 2026

28.9.26 to 2.10.26

NOTICES:

Please do look at the pictures I have uploaded on our class page, of some of the fun activities we have done.

Thank you very much to everyone that brought in some packaging for our Science lesson. It was great to look at all the nutritional values of different food items and talk about what this means for our body.

Next Friday, wear something yellow with your uniform to celebrate World Mental Health Day.

Gold book

Evelyn for working so hard this week, putting her hand up regularly and often getting to the extension question. Keep up the hard work!

Star Writer

Sloane

Fantastic Handwriting

Hugo

History

This week we discovered how bronze was made, how it arrived in Britain and how it transformed people's lives in prehistoric Britain.

With our partners, we discussed and recorded how Bronze Age people found food.

Spellings- to be tested on 8.10.26

(Remember you can choose to learn 5, 10 or all 15)

Homophones and near-homophones.
