Homework

Have a wonderful break and we will see you on Wednesday, after half term.

Do keep up with the reading.

Maths

In Maths this week, we continued with addition and subtraction, looking at subtracting numbers across a 10 and 100. We then started adding and subtracting 2 digit and 3 digit numbers. Finally, we looked at complements to 100.

Star Writer

Helen for a very well written Star Write.

Fantastic Handwriting

Well done to these amazing children for getting their pen license:
Hugo
Alessia

Also Tilly and Charlie for working so hard on their handwriting and being very close to getting their pen license.

Science

This week, we had a recap lesson, looking back at everything we had learned in the unit movement and nutrition.

We then completed the end of unit assessment to check how much we had learned.

PSHE/RSE

This week we completed an RSE lesson on a Community of love.

We started by talking about how we are made in God's image and then moved onto learning about the Holy Trinity.

We then made a list with words describing what God was like.

English

We have continued to look at the book 'Stone Age Boy' by Satoshi Kitamura. We have completed a diary entry, using fronted adverbials of place, paragraphs, similes and adjectives and subordinating conjunctions.

Year 3

Autumn 1 2026

19.10.26 to 23.10.26

History

This week we revised what we had looked at this unit. We enjoyed exploring the timeline again, showing us the order of the ages.

Finally, we completed an end of unit assessment to show off how much we had learned.

RE

We completed an Assessment Question, using all of our knowledge from the branch.

We showed how a range of vocabulary, which we have looked at this unit, linked together. For example the words Creation, God's image and Pope Francis.

No Spellings this week

Art

This week we developed our work from last week. We used a viewfinder again, to select a small part of a bigger picture, and then developed around that part. This allowed us to focus on the lines and shapes in that section, before moving onto the rest of the picture.

NOTICES:

Next half term, PE days will be Monday and Wednesday. Please remember to come in your PE kit on these days.

Thank you for sending in all your amazing RE home learning.

I hope you all have a well-deserved rest over half term.

We will see you back on Wednesday 4th November.

Not set homework, but if you can practise number bonds to 10 with your child, that would be great.

Also adding and subtracting 2 numbers, for example 13 – 8 and 26 – 7.

Any practise at home will really support them at school.

Thank you.

PE

We enjoyed some team games this week.

Gold book

Tommy for working so hard on your spellings and getting 5 out of 5 in your spellings.
