Whole-School Competition: Design a Maths Board Game!

Create (and optionally build) a game tailored to your year group's maths skills- perhaps a board game.
Example for inspiration: A twist on Snakes and Ladders- if you land on a snake, you draw a card with a maths problem. Get it right within 10 seconds and you stay put; get it wrong and down you go!
Two winners will be selected: one from KS1 and 1 from KS2. There will be prizes ☺
Deadline for entries: 23.11.2026.
Good luck
